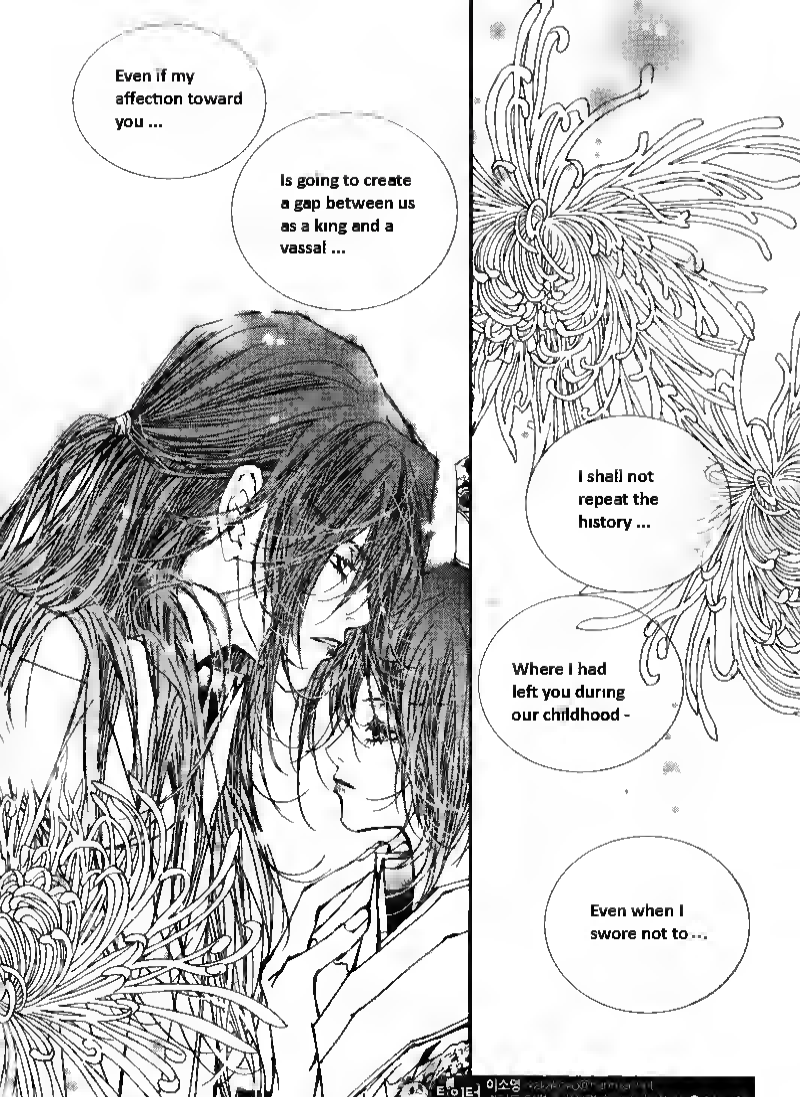
Do not misunderstand me ...
I am disobeying you not because
I take my liege lightly.
I am your loyal vassal and -
I've sworn my oath to you.

However, at this very moment, I am not here as your vassal.
I am here as a grown man who can no longer hide feelings and -
has confessed his feelings to you.
All I want is your answer. Yes or No -
I, Jeong Misu, will accept either.



Even if my affection toward you ...
Is going to create a gap between us as a king and a vassal ...
I shall not repeat the history ...
Where I had left you during our childhood -
Even when I swore not to ...

Hah ...
"A grown man's feelings", you say.
I guess this "love" is -
As strong as they say.
Making you look down on my direct orders like this ...

So ? How are you feeling right now ?
I, who you have such feelings, am this close to you.
Even more, I have my fingers on your face.
Are you shaking?

Are you expecting...
embrace me again?
me to give you an order to ...
Get a hold of yourself, Jeong Misu !
찌익

The only one you should be looking at is -
The king of this nation !

And what a king wants is not a man who has lost his mind due to feelings.
What a king wants is a faithful vassal who is cool headed !
.....
Are you pushing your case on me ...
Because ...
You've found out my secret ?!
Sura's place

Even if you are blackmialing me like this - !!!
I, as a king, do not need a man who has such a vulnerable mind !
HOH
- And - If you are unsatisfied with my answer,
HOHOHO
Go then !

GO AND SPEAK OUT THE TRUTH !
THAT THE KING OF THIS NATION IS-
THE KING OF THIS NATION IS -
IS NOT A -
NOT A ...

*She passed out.
In the end..., all failed to revealed...
What really happened while the king was missing.
According to what I heard,
The king managed to lose you and
Disappeared with only Jeong Misu.

How interesting. Of all people,
He picked Jeong Misu
Instead of you who has shown far more dedication.
Having said that, I believe you told me this story once to me that -
Jeong Misu was allowed to live in the palace
under Queen mother's protection while as a child.
And that he was disguised as a maid and that the king and he had a friendship
Perhaps, that friendship is what -
No.

It is indeed true that they did get to know each other back then.
However, the king does not know that
Jeong Misu was the girl.
Are you sure of that ?
Are you absolutely certain that ...
There is absolutely nothing going on between the two ?

You don't think they would tell you everything
Do you trust Jeong Misu ?
Do you trust the king ?
Like children would do ...
Do you ?

The king is resting now. You are all dismissed.
I shall stand guard.
"You don't need to call a royal doctor."
"He has a tedency of falling a sleep all of a sudden -
- When he is stressed beyond his limit."

"He would fall asleep as if running away from reality to his dream...."
"I believe it began..."
"When he was declared to be the crown prince...."
.... I apologize.

I was simply too busy pushing my feelings that I wasn't aware of your fears.

I showed my foolish side as I attempted to push my own interest while you were going through a very hard moment of your life ...

A secret that you must keep it hidden no matter what ...

Even if your life is threatened, no matter what ...

And the fear of being found out ...

Do not fear.

Do not shed tears.

I will never walk away
from you.

Q...
Queen !
I was told that he has taken a nap?
Does it have something to do with what has happened ?
I was worried.
He doesn't generally take naps.
I'd like to stay by his side and watch him for a moment.
To ease my mind and all.

What are you waiting for ?
Open the door.
W, well ...
.....
Is someone already here?
스륵

I ...
trust my liege-

I trust that he will not cross the line.
Never ...
However, if I see you doing such a thing again,
I will not let you off lightly like today !
I trust that such will never happen.

Sire ...
I trust you ...

I trust that you must have a legitimate reason to distance me...
It must not be ...
It must not be such a reason that gossips indicate ...

However...,
you look too feminine which worries me ...
And having no other choice but to wait ...
My husband wouldn't give his love to me ...
And I resent this whole situation ...

Would I have to be aggressive ...

to make this marriage work ?

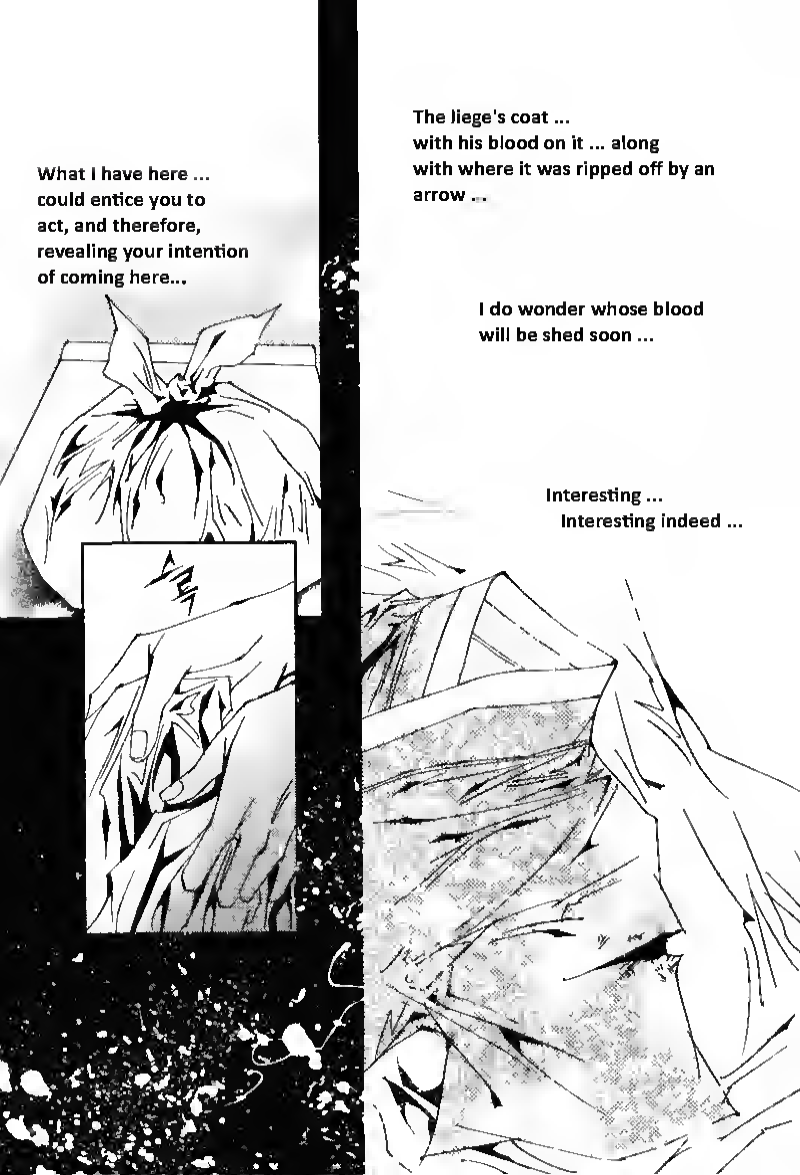
Let's go !
My liege, I hope that my trust in you will not break apart.
And I hope that these feelings of mine won't develop into jealousy.
... Even if I have to battle for my place in the future, I sincerely hope that ...
I hope that my opponent ...

스륵
I hope that my opponent will not be Jeong Misu at least !
Give me your report.
Yes.

I've been watching traffic in and out of the city -
prior the king's convoy's arrival
No traffic was out of ordinary.
However, shortly before the convoy's arrival,
A group of traveling actors
entered.
A group of traveling actors ?

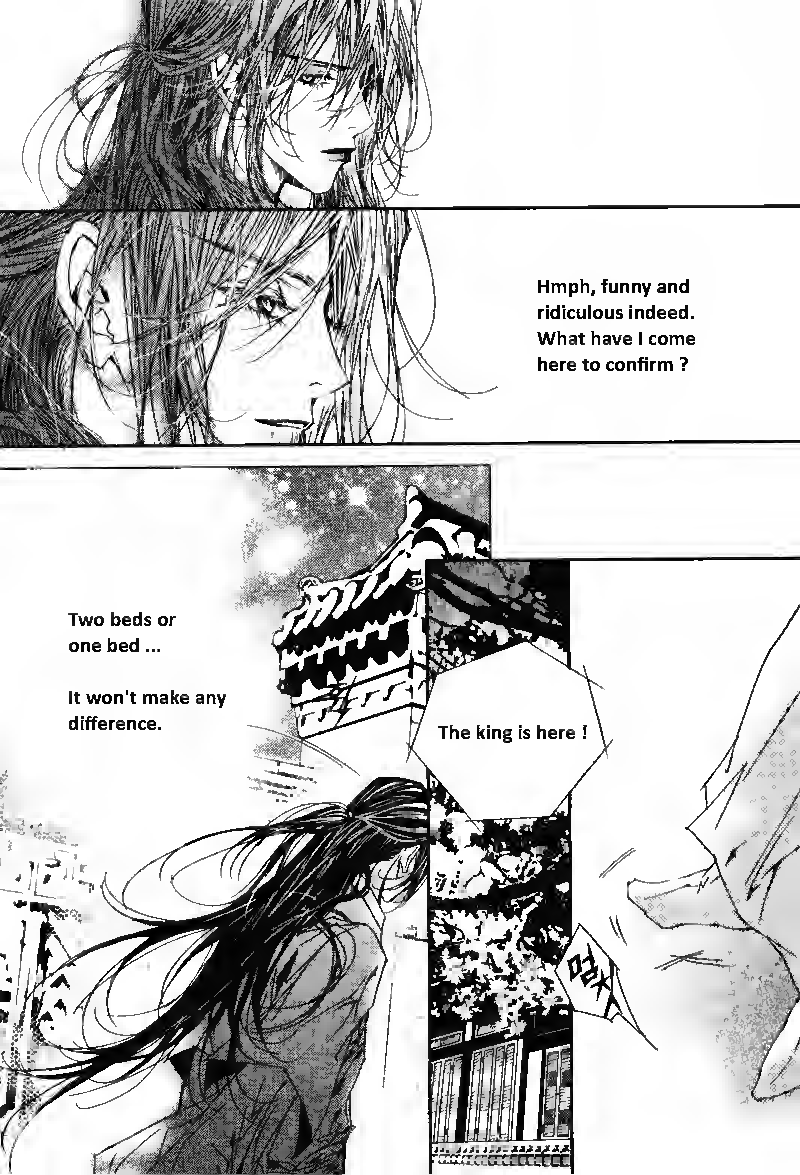
An act of treason ... ?!
... It must be a disguise to hide their true faces...
Traveling actors would certainly be able to go anywhere without drawing too much suspicions...
I want you to find them where they are right now.
If they have already left, track them down !
So, did you find out ?

Where Lord Han is hiding ?
Yes, you were correct. He has moved to here, Onyang.
And he has moved to here secretly.
I know why you have relocated yourself to here.
Why you wold move to this small city of Onyang while you should be busy with politics at the capital ...

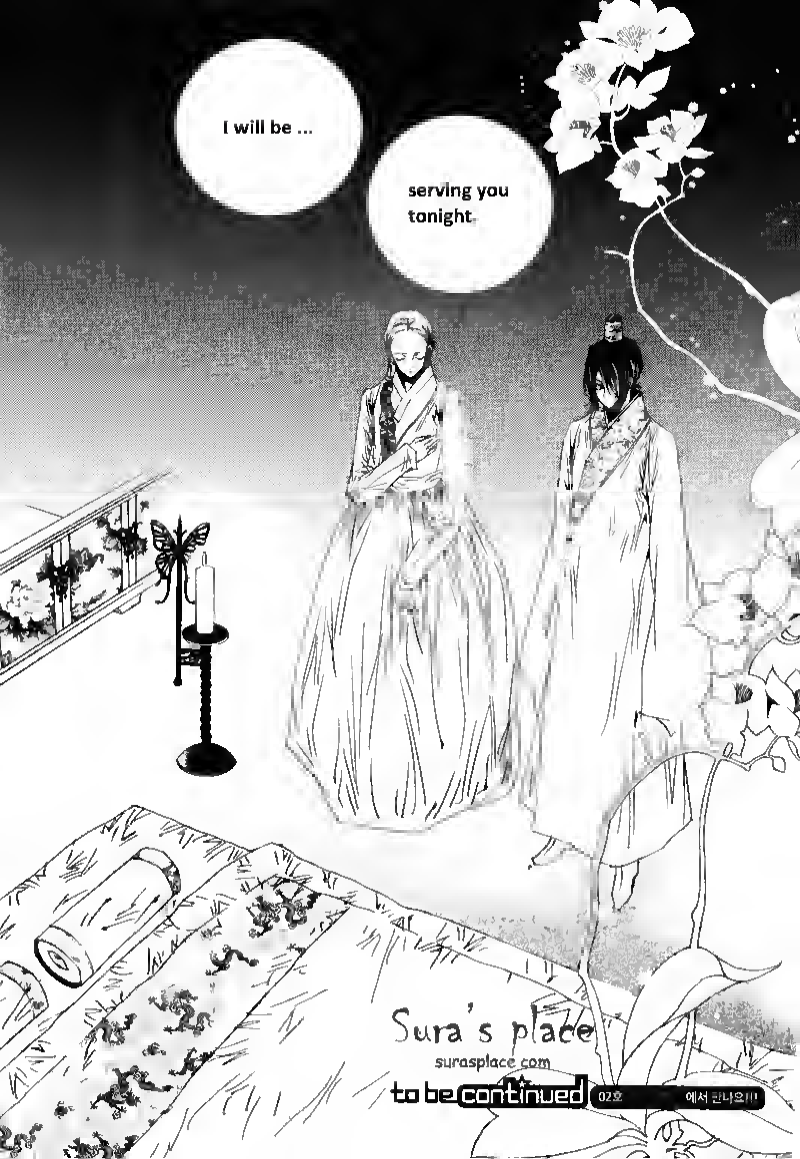


What I have here ...
could entice you to
act, and therefore,
revealing your intention
of coming here...
The liege's coat ...
with his blood on it ... along
with where it was ripped off by an
arrow ...
I do wonder whose blood
will be shed soon ...
Interesting ...
Interesting indeed ...

Get that out of this room.
A single bed is all we need on an occasion like this.



Hmph, funny and ridiculous indeed. What have I come here to confirm ?
Two beds or one bed ...
It won't make any difference.
The king is here !
DOX!



I will be ...
serving you tonight.
